SPEAKING OUT FOR OUR NATION'S WAITING CHILDREN

JOIN US TO CELEBRATE ADOPTION! ANNUAL ADOPTIVE FAMILY PORTRAIT PROJECT

Every year we provide an opportunity for members of Congress to learn more about foster care adoption, and celebrate the special ways that adoption has touched the lives of their constituents. **We invite Congressional leaders again this year to participate in the 2018 Adoptive Family Portrait Project.**

WHAT'S INVOLVED:

- Simply display an adoptive family's photo in your office during November (National Adoption Month), representing a family that has adopted a child from foster care. VFA will find a constituent adoptive family for you and deliver the materials in November!
- VFA will provide the family photo and important information about the family's experience adopting from foster care.
- VFA will also provide information about the ways that federal adoption and child welfare programs help promote adoption and support adoptive families.

Participating Congressional leaders will help highlight their commitment to adoptive parents and the importance of finding families for the 118,000 children in foster care who are waiting to be adopted.

Please contact us by October, 1st if you would like to participate in this project! *The sooner you notify us about your interest to participate the quicker we can locate a constituent family.*
